3rd INTERNATIONAL LIVER SYMPOSIUM

Current standard of care and beyond

April 1-3, 2016
The Leela Ambience, Gurgaon
Welcome Message

Dear Colleague,

We are in the midst of an exciting era in liver medicine, surgery, anesthesia and critical care.

New paradigms in Hepatitis C, alcoholic liver disease, molecular biology of hepatocellular cancer, and non-alcoholic fatty liver disease, the emergence of minimal access, staged and multimodal liver surgery, advances in ex situ preservation and restoration of marginal donor organs, the conquest of the blood group barrier and expanding indications in transplantation, and the broadening scope of non-surgical interventions are some of the ways in which the field is changing beyond recognition.

While we consume new and often belly-churning evidence that challenges established dogma everyday, it is important not to lose sight of the standard of care our patients deserve. The theme of ILS 2016 is to have the global KOL’s (Key Opinion Leaders) elaborate current therapeutic guidelines in important areas. The ‘beyond’ will focus on future thought and research to fill voids in knowledge, and keep the next generation gasping for more.

We look forward to welcoming you to Delhi at its colorful best - in the spring bloom.

Regards

The 3rd ILS TEAM
Medanta Liver Institute

Who should participate?

The Faculty include key opinion leaders in Hepatology, Liver Surgery and Transplantation from major centres in India and abroad. They will come together to make it a unique academic bonanza for all established and aspiring Gastroenterologists, Hepatologists, Liver Surgeons, Anaesthetists, Intensivists, Paediatricians, Interventional Radiologists and Researchers.

International Key Opinion Leaders

- Anil Dhawan, London
- Ann Walia, USA
- Daniel Cherqui, France
- Didier Samuel, France
- Elizabeth Anne Pomfret, USA
- Hiroto Egawa, Japan
- Huma Arshad, Pakistan
- Jan Lerut, Belgium
- Keith Lindor, USA
- Mark Bellamy, United Kingdom
- Nigel Heaton, United Kingdom
- Paolo Angeli, Italy
- Rajiv Jalan, United Kingdom
- See Ching CHAN, China
- Yaman Tokat, Turkey
- G M Dusheiko, United Kingdom
Program Highlights

International Consensus Symposium on “Live Donor Selection”

Best Practice Guidelines in management of HBV, HCV, HCC, ALF, ACLF, NAFLD and hepatobiliary cancers

Tricky Situations in Liver Transplant Surgery: How experts deal with them!

Video Workshops in HPB Surgery, Liver Transplantation and Interventional procedures in hepatobiliary diseases (Endoscopic and Interventional Radiology)

Expert Panels (How I Do It!) on ICU Care, HCC, Endoscopy in liver disease, Transplant anaesthesia

Selection to Post Transplant Management of the Cirrhotic

- ABO-incompatible Liver Transplantation
- From Minimally Invasive (Laparoscopic and Robotic) to Extreme Liver Surgery
- Everyday Hepatology: Managing the Cirrhotic -- Hear it from the experts!!
- Focus on unmet needs in Immunosuppression, Metabolic Syndrome, Biliary complications post-LT
- Best in Hepatology, HPB Surgery and Liver Transplantation in 2015
- Hepatology around the World: Spectrum of chronic liver disease (Problems & Progress)
- Scientific Abstracts for Poster and Oral Presentations

Call for Abstracts and Travel Grants

Abstracts can be submitted under the following categories

<table>
<thead>
<tr>
<th>Transplant Hepatology</th>
<th>Hepatology</th>
<th>Hepatobiliary Surgery</th>
</tr>
</thead>
<tbody>
<tr>
<td>Liver Transplantation Surgery</td>
<td>Pediatric Hepatology</td>
<td>Liver Pathology</td>
</tr>
<tr>
<td>Liver Anesthesia and Critical Care</td>
<td>Diagnostic/Interventional Liver Radiology</td>
<td>Liver Radiology</td>
</tr>
</tbody>
</table>

Abstracts can be submitted via this website (www.ilsmedanta.com) or through email (3rdILS2016@gmail.com) latest by 15th February, 2016. Intimation of abstract acceptance will be sent by email latest by 1st March 2016.

Abstract guidelines
The abstract should be categorized into one of the sections listed above. The abstract body should be limited to 250 words, in Times New Roman, font size 12, single space, and organized as Background, Aim, Methods, Results and Conclusion. A single image or table can be attached if necessary. All the accepted abstracts (posters) will be judged by eminent faculty on 1st April 2016 and top 5 abstracts will be selected for oral discussion on 2nd April 2016. These selected abstracts will be discussed by moderators of oral abstract session and first author shall provide answer to queries raised by moderators/chairpersons. The presenting authors of top 3 abstracts will get attractive prizes. Poster guidelines will be sent later once the abstract is accepted. Selected abstracts will be published in the Journal of Clinical and Experimental Hepatology.

Travel Grants
Presenters of all accepted abstracts will be granted travel awards equivalent to return train fare of AC Chair Car / 3 tier AC up to a maximum of Rs 4000/- (subject to submission of receipts) and complimentary registration and accommodation.
**Surgeons**
- Dr. A.S. Soin
- Dr. Amit Rastogi
- Dr. Sanjay Goja
- Dr. Prashant Bhangui
- Dr. Sumana KR
- Dr. Ankur Shah
- Dr. Ajitabh Srivastava
- Dr. Y. Raghavendra Babu
- Dr. Thiagarajan Srinivasan
- Dr. Vikram Raut
- Dr. Manoj Singh
- Dr. Manish Srivastava

**Adult and Paediatric Hepatologists**
- Dr. Randhir Sud
- Dr. Neeraj Saraf
- Dr. Sanjiv Saigal
- Dr. Rajesh Puri
- Dr. Neelam Mohan
- Dr. Narendra Choudhary

**Liver Transplant Anesthesia and Critical Care**
- Dr. Vijay Vohra
- Dr. Deepak Govil
- Dr. Nikunj Gupta
- Dr. Annu Sarin Jolly
- Dr. Seema Bhalotra

**Radiology, Interventional Radiology and Pathology**
- Dr. S.S. Baijal
- Dr. Sonal Krishan
- Dr. Tarun Piplani
- Dr. Dheeraj Gautam
